2014 IBD days – Announcement of a reform of Twinning

The "Institution Building Days" (IBD) took place in Brussels on 25-26 September.

As usual, the meeting covered Twinning, TAIEX and SIGMA activities in the Enlargement and European Neighbourhood regions. One of the keynotes of the meeting was the launching of a debate on the reform of Twinning, with contributions from both the Commission and some EU Member States. Work on this reform has continued since then and a document summarising the state of play will be circulated soon.

Back to back with the IBD an in-house training for IPA Twinning coordinators from EU Delegations/Office and Central Financial and Contracting Entities took place on 24 September.

In the morning of Thursday 25th two sub regional meetings ENI South and ENI East were organised with the participation of the national coordinator, the Programme Administration Offices, the EU Delegations and the geographical desks.

SIGMA (Support for Improvement in Governance and Management) is a joint European Commission and OECD initiative, principally financed by the EU which has been functioning for over 20 years. It focuses on strengthening public management in the IPA and ENI countries in areas such as administrative reform, public procurement, public sector ethics, anti-corruption, and external and internal financial control. SIGMA provides methodologies and tools to support reforms, recommendations on improving laws and administrative arrangements, advice on the design and implementation of reforms, opportunities to share good practice from a wide range of countries and policy papers and multi-country studies.

On 16 and 17 December 2014 SIGMA organised in Algiers, together with the Court of Accounts of Algeria, the first regional conference for Supreme Audit Institutions (SAIs) of the European Neighbourhood South region. The Conference brought together the SAIs of Algeria, Egypt, Jordan, Lebanon, Morocco and Tunisia as well as Palestine, as observer.

SIGMA is implemented by OECD together with NEAR – Units NEAR.A3 (IPA beneficiaries) and NEAR.B2 (ENI beneficiaries).

Coming soon: TAIEX and Twinning Activity Report 2014

The TAIEX and Twinning Activity Report 2014 will be issued in the coming days. For the first time it will be published as a single report for both Neighbourhood and Pre-accession regions.

As on previous occasions, the Report includes Twinning "Success Stories", kindly contributed by EU Delegations, Central Financing and Contracting Entities (CFCEs) or Programme administrative Offices (PAOs). The choice among the very good

texts submitted was particularly arduous, since many projects appeared to be particularly successful. We thank all for their contribution and count on the understanding of those who do not find their "story" among those published.

If you have examples of "good practices" used in your project to share, please send your contribution (maximum 300 words) to our NEW FUNCTIONAL MAILBOX NEAR TWINNING NEAR-TWINNING@ec.europa.eu
