

The impacts of the Economic and Investment Plans

2.3 million
jobs sustained or created

close to total workers of

2.5 million
or

2.6 million

over 100 000
farmers/rural professionals
benefitting from EU support

more than the
number of farmers in

and

almost 350 000
students enrolled in education
with EU support

more than the number of
students

Académie de Paris

100 000 students
benefit from vocational
education and training (VET)

close to the number of VET
students in

102 754 VET
students

1 325 km
new or upgraded railways

equivalent to the distance
by train between

Stockholm

Budapest

1 318 km

more than 50 million
people with new or improved
access to electricity

more than the population of

48 million people

more than 9 240 GWh
saved each year due to
improved energy efficiency

equivalent to household
electricity consumption of

6 million EU
citizens every year

The impacts of the Economic and Investment Plans

more than 5 800 km
of electricity and gas
transmission

close to the length of electricity
transmission networks in

or

3.5 GW
renewable energy
generation installed

equivalent to the installed

total wind
energy capacity

15 360 km
new water pipes

equivalent to one and a half times

the water
network in Rome

14 million people
with improved access
to water and sanitation

equivalent to more than 1/3 of
the totla population of

36.8 million

almost 2 000 km
new or upgraded roads

equivalent to the distance
by road between

Warsaw

Marseille

2 035 km

over 6 million people
with improved waste collection
and disposal services

more than the population of

5.9 million

22.1 million people
with new or improved
internet access

equivalent to the combined
populations of

11.7 million

and

10.4 million
