

Reform Agendas are the corner stone of the **New Growth Plan for the Western Balkans**

To fully benefit from the **Growth Plan**, each **Western Balkans** government needs to prepare a **Reform Agenda** to accelerate socio-economic convergence with the EU.

Reform Agendas will set out the **reforms**, as well as **investment areas**, each WB partner intends to implement during 2024-2027.

Indicative priorities under the Reform Agendas include:

Governance, Public Administration Reform, and Public Financial Management

Private sector development and business environment

Energy and green transition-Digitalisation

Human capital

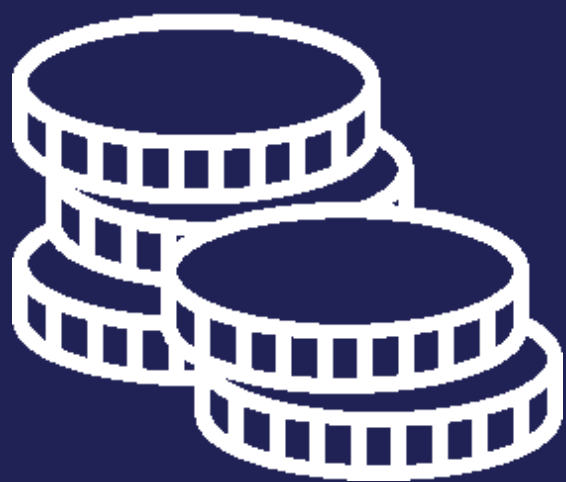

Fundamentals/
Rule of law

Reform Agendas will be **consulted** with & **assessed** and **adopted** by the European Commission.

Payments will be made conditional to the **successful implementation** of the Reform Agendas.

The disbursements will be made directly to the **national budget** of the **Western Balkan partners** or allocated to the **Western Balkans Investment Framework (WBIF)** for **capital investments**.
